## HISTORY

The Federation International Lacrosse (FIL) World Championship began as a four-team invitational tournament that coincided with Canada's centennial lacrosse celebration in 1967. Seven years later, Australia celebrated its lacrosse centennial with a similar international invitational tournament. It was here that the concept of holding a world championship tournament every four years was born.

The 2010 Polish National Team final roster will be announced this Spring. After 2 days of tryouts in the US for players of Polish Heritage and 3 days of tryouts in Warsaw, Poland there are 38 players who make up the National Select Team. Of the 38 only 23 will participate in the Federation of International Lacrosse World Championships to be held in Manchester, England July 14-24, 2010. There are over 30 nations expected to participate. The event will also feature a World Festival of Lacrosse for teams at various age levels from all over the world.

## THE TEAM

The Polish Lacrosse Association and the Polish National Lacrosse Team need your help. We invite you to participate in the challenge of raising fund for the 2010 Polish National Men's Team. These vital funds are necessary to ensure proper

training, transportation, housing, meals, equipment and medical supplies for the official party of players, coaches, managers and other support personnel. Furthermore, your funds will help grow the sport of lacrosse in Poland at all levels. Support funds are generated through tax-deductible contributions from friends, families, corporations and members.
